[2] Settlement through the fictitious clearing system.

Notes to the security terms

[3] 6.00% from year 3 if rating < BBB-

The coupon steps up from the start of the coupon year stated above when the issuer's rating from any agency named in the offering terms falls below the trigger rating. The step-up applies once and does not reverse if the rating later recovers.

Other terms

This confirmation supersedes any prior oral communication about the transaction. Please notify the markets desk within two business days if any detail above is incorrect. This document is generated for demonstration only and creates no obligation.
